### Cover fabric

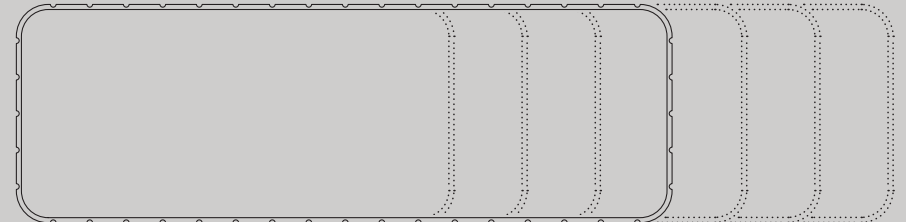

Selectable according to fabric collection, see pages 14/15

## Sizes

Height: 50cm

Height: 60cm

Available lengths in cm

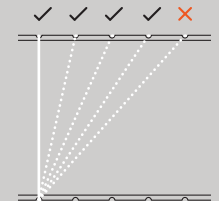

120 140 160 180 200 220 240

## Materials

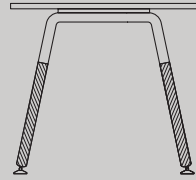

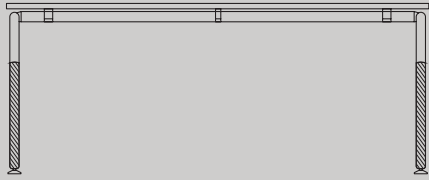

<b>Notice board frame</b>	Steel frame, matt powder coated
<b>Notice board element</b>	Melamine resin coated chipboard and softboard with fabric covering by Kvadrat or Camira
<b>Stretchable cords</b>	Braided rubber cord Ø 5mm with core made of natural rubber threads, polyester braiding in the covering and visible natural rubber threads on the outside

### Important

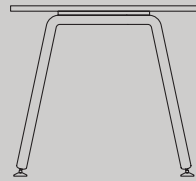

When fully stretched, the cords will be under high tension, which, when suddenly released, can cause serious injuries. Therefore, please make sure that you only stretch the cords on a slant over a maximum of 4 notches on the notice board, in order not to exceed the permissible stress/strain ratio.

# Desk

Frame with solid wood elements

Frame entirely of metal

**Lengths in cm:**

120 / 140 / 160 / 180 / 200 / 220 / 240

## Colours

**Tabletop / Frame**

graphite

grey

white

**Solid wood elements for the frame**

oak

walnut

## Materials

<b>Table top</b>	Melamine resin coated, edged quality chipboard, 25 mm thick
<b>Frame / round steel tubing</b>	Ø 40mm, matt powder coated
<b>Wood elements (frame)</b>	solid oak or walnut, matt varnished

## Features

**Table top** available either with rounded corners (radius 80 mm) or with rectangular corners.

**Optimum cable management** through cable duct in combination with sliding plate or fixed plate with cable outlets.

**MyMotion table frame** optionally available with solid wood elements or entirely of metal, and adjustable by means of 25 mm level adjustment.

Since **wood** is a natural material, it is subject to variations in color and/or grain.

**Alternative design:** Table frame Motion AD A-foot design with telescopic height adjustment from 640-820 mm, without wood elements.
